Free to be you in your purpose led business

You won't get anywhere in your purpose led business
by being a half arsed version of you

A toned down you

You think your people will hear you?

Find you?

That your message will reach those who need to hear it the most

Not. Gonna. Happen

Maybe you think your message is controversial

It doesn't sound like everyone else's

YOU'RE NOT HERE TO BE A BASIC BITCH WHO SOUNDS
LIKE EVERYONE ELSE

Which is why you're here with me, right?

Who do you KNOW you're here to be?

How does that make you feel?

Where are you not being her?

Why?

What's stopping you?

What comes up when you think about being her?

What comes up when you think about not being her?

What do you KNOW you're here to say?

Why aren't you saying it?

How does that make you feel?

How does it make you feel being the person who says it?

Where are you toning down?

Editing yourself?

Editing your SOUL?

Why do you think you showing up as you won't work?

What will happen if you continue to not show up as you?

What will happen if you start showing up as you?

How would that make you feel?

What beliefs do you need to have to start showing up as you?

Where will you be if you carry on as you are now this time next year not showing up as you without the beliefs you need to have?
